  - Reorg proposal will be done by the end of the semester and then on to Board of Education for approval
Kiope R. asked for consideration about how this will impact strategic direction
Discussion around challenges with ABRP (auto body repair)
Academic Senate
2017-2018

Kaleikoa brought up issues with movement of positions as opposed to new positions with deciding priorities. The concern is that positions are being altered without notification through proper channels. Also, there are issues with shifting instruction between credit and non-credit.

Thomas H. is concerned about fairness for his smaller program. Some system positions have been redistributed, but system doesn’t currently have vacant positions.

Kate A. asks for clarification of reorganization as far as who is taking up what John’s job is.

IV. Reports
   a. Curriculum Committee -- Tim Marmack and Lorelle Peros
      -Two deadlines for special topics: Jan 29 for summer and February 11th for fall 2018 to include full Kuali proposal
      -Kahele D introduced Hawaiian Studies modification of numbers to add perquisites seconded and passed with no discussion HWST 107 and HWST 231
      -Keola D. introduced MUS 122z expanding on ‘Ukelele performance seconded and passed with no discussion
      -Lee S. introduced HSER 194, 294 changing numbers for practicum to align requirements with other campuses, TE, and subheading, lowered pre-requisite for first course to be concurrent enrollment in ENG 100 performance seconded and passed.
      -Elizabeth D. introduced SCI 295V is a research based STEM course where students can do research and get credit. Kahele D expressed concern that there is no pre-requisite for this 200 level course. Course is for small amounts of students, can be repeated and transfers to UH system schools. Ann E. suggests that work load issue and TE be clarified. Sean C. explains the use of .25 TE although Lee S. suggests that this is a new interpretation. Moved to table. Problem with TEs seems to be in the labeling of the course as Lab. Kahele suggests that this be clarified.
      -Mike F. introduced CHEM 131 to prepare students in chemistry major pathway and to provide option for students other than CHEM 151 where they have been less than successful. Kate A. expresses concern about lack of student success in 151. Julie P worried about student interest in a course outside of the general degree path. Kate A., Kahele D, and Julie P abstain, but course passed
      -Meagan J. introduces SSM 384. Seconded and passed.
      -Nani A. passes Senate to Rosie and presents PSY 202 changes to align description and SLOs with other campuses and PSY 240 and 250 modifications to SLOs. Note approval with appropriate name change. Seconded and passed.
      -Ann E. AG 163 Advanced Beekeeping to continue as special topics. Seconded and passed.
      -Mary F. Makes changes to system to create more practical nurses as a response to current community need. Seconded and passed.
