EFL Program

The English Language Institute (ELI) was established in 1976 and is the top ranked institute in Bangkok. It offers a range of EFL programs to improve English language proficiency. ELI's main course is a 6-week program, but they also offer shorter courses (1 and 4 weeks) and special programs for international students. ELI has a reputation for high-quality instruction and provides students with the opportunity to learn in a comfortable and supportive environment.

First Time & Special Events

We understand that the transition to a new country can be challenging, which is why we provide a range of services to support new students. We offer a comprehensive orientation program, including cultural immersion activities and a thoughtfully designed program to help students acclimatize to their new environment.

Special Short-Term Programs for International Students

ELI offers a variety of short-term programs tailored to suit the needs of international students. These programs are ideal for students who wish to enhance their English skills quickly. We also provide opportunities for students to explore and experience the local culture and attractions.

REQUIREMENTS

ELI accepts international students from all countries. Students are required to complete an online application form and provide proof of English proficiency. An interview is also conducted to assess the student's language skills and ensure they are suitable for the program.
