1. Author(s): Jean A. Pezzoli

2. Department: Banner

3. Date submitted: 17 April 2009

4. General type of action: course program

Specific type of action:

Addition:

- regular
- experimental
- other: specify:

Modification:

- number/alpha
- title
- credits
- description

- prerequisite
- corequisite
- program
- other-specify:

5. Course:

Alpha & no: OCN 201

Title: Science of the Sea

6. Existing prereq/other:

There is a problem with the existing prereq with a placement score only:

"... and placement at least MATH 20 or 22; or consent."

Students who score below the required level who then complete the corrective course (MATH 1) still do not qualify. Banner requires them to retake the placement test and assess if they now have the requisite score.

This request is to add the corrective course as an alternative route to meeting the prereq, so students do not have to retake the placement test.

7. Adjusted prereq/other:

... and MATH 1 or placement at MATH 20 or 22; or consent.

→ w/ grade C or better
→ least
