

## **Implementation Council meeting notes for August 27, 2007.**

Present: Suzette Robinson, Diane Meyer, Katie McMillan, Dan Kruse, and Pat Adams.

### **Community Forum discussion**

Katie reported on the summaries she compiled of the notes taken at the Community Forum and of comments on the two surveys filled out by the community leader attendees. Maui CC faculty and staff with expertise in the appropriate areas will be asked to discuss and suggest ways to address the ten key suggestions from community members and to share information with the entire college.

Katie also described her plans to initiate an e-newsletter that will go out on Maui Announcements and by email to Community Forum attendees and other community leaders, keeping them informed with news about the college.

### **Web site update**

Katie described progress on the update of the Maui CC website. The work is the result of discussions in the Academic Senate and elsewhere about the need for an updated and user-friendly website. Katie will be contacting department chairs and program coordinators for informational content to be placed on the website.

### **Future meeting schedule**

Until further notice, Implementation Council meetings will held on Mondays from 10:30 a.m.-noon in Ka Lama 102.
