MISSION STATEMENTS

The Student Affairs programs are committed to providing full student support services that embrace the spirit of aloha, collaboration and respect.

The mission of the Educational Opportunity Center at Maui Community College is to provide comprehensive college admissions services to Maui County adults and high school students so that each student feels empowered to enter college with minimum obstacles and barriers.

FUNCTIONAL STATEMENT

The EDUCATIONAL OPPORTUNITY CENTER (E.O.C.) program is authorized under Title IV of the Educational Amendments of 1972 to provide information, counseling and application assistance to adults who want to enter or continue a program of post-secondary education (ie college program).

The ultimate goal of EOC programs is to increase the number of adult participants who enroll in post-secondary education institutions, with particular emphasis on those whose parents did not obtain a college degree (ie ‘first-generation college students’) and who come from low income families. (By federal definition, these are families who earned less than 150% of the poverty level guideline).

The EOC project performs a host of services, including:

1. One-to-one counseling and application assistance.
2. Small group presentations:
   • Overview of EOC services to agency administrators and counselors
   • Career exploration and/or scholarship workshops to small groups of potential students on or off-campus (including state agencies)
3. Large public workshops for Financial Aid information and application assistance
4. Participation in community events, including local educational fairs.
5. Periodic visitations to outlying communities - especially Hana and Lanai
6. Regular outreach visits (weekly/monthly/as needed) to various locations, including:
   • Local high schools
   • Ka Hale A Ke Ola (Homeless Resource Center)
   • Maui Adult Education
   • Alu Like
   • Department of Vocational Rehabilitation
   • Veterans Services
   • Hawaii Job Corps
   • MEO Headstart
