INTRODUCTION

A. Mission and Vision of the College:
University of Hawaii Maui College (UH Maui College) is a learning-centered institution that provides affordable, high quality credit and non-credit educational opportunities to a diverse community of lifelong learners.

We envision a world-class college that meets current and emerging Maui County education and training needs through innovative, high quality programs offered in stimulating environments. The College mission, goals, and actions will be guided by the Native Hawaiian reverence for the ahupua`a, a practice of sustaining and sharing diverse but finite resources for the benefit of all.

B. Mission and Vision of The Learning Center:
The Learning Center at UH Maui College provides students at all levels with academic support services to help them become successful, independent learners and reach their educational goals. To attain our mission, tutorial assistance; one-on-one, group, and online writing assistance; study skills instruction; testing services; computer laboratories; e-mail and Internet access; and computer-assisted instructional programs are provided to our diverse student population.

We envision a one-stop facility where students will receive cutting edge, high quality support services in a student-centered environment, helping students gain the skills needed to meet the rigors of their educational program and to embrace the challenges of an ever-changing world.

The Learning Center contributes to the mission and vision of Maui Community College by providing high quality academic support services in a stimulating environment for our diverse student population.
C. **Goals of The Learning Center:**

- To help students enhance their skills in reading, writing, math, and study skills
- To provide tutorial services in content area courses
- To help students become independent learners
- To provide students with computer equipment and software needed to complete their coursework and broaden their learning experience
- To assist students with basic computer skills
- To provide placement, make-up, and distance learning testing services as well as community proctoring services
- To support faculty in meeting student learning outcomes
- To provide a user-friendly study environment conducive to learning and thinking
- To anticipate the academic support needs of our students
- To encourage professional development
**TLC Services:**
The Learning Center’s services can be divided into five areas: tutorial support, study skills presentations, computer services, testing services, and distance learning services. According to sign-in data, 2,931 students utilized The Learning Center services from fall 2010 through summer 2011.

Over the years many students have requested that The Learning Center open on Sundays, especially since today’s students are “juggling” increased work schedules, diverse class schedules, and family commitments. According to TLC evaluations, Sunday would be an ideal day for students to utilize computers, meet with tutors, finish homework and projects, and work in study groups. For this reason, TLC has continued to open on Sundays, giving students the opportunity to complete their coursework, remain in college, and attain their educational goals.

1. **Tutorial Support:**
   - Reading, writing, math, and study skills
     - Professional staff and peer tutors
     - One-on-one or small group
     - Individualized program to work on specific skills: assess students’ skills, create program of study, monitor progress, post test
     - Content area tutoring upon staff availability
     - Hawaiian, Japanese, and Spanish languages
     - Proofreading assistance
       * Peer tutors and professional staff
       * One-on-one 25-minute appointments
       * Brainstorming session
       * Suggestions for improvement (thesis statement, support, organization, transitions, grammar and mechanics, etc.)
       * Grammar tidbits and reference materials
       * Extended tutoring time for special needs students

Peer tutors are trained every two weeks to help them improve their academic skills and to keep them abreast of tutoring strategies and techniques. The following are topics covered in tutor and student assistant training sessions over the past year:

- Active Listening
- Building Teamwork
- Computer Troubleshooting
- Cultural Sensitivity
- Customer Service
- Dealing with the Difficult Student
- Developing a Positive Work Attitude
- English Instructors Roundtable
- Grammar Review
- How to Write a Summary
- Self Evaluations
- Sexual Harassment
- Special Needs Computer/Skill Building Programs
- Thesis/Topic Sentences
- Time Management
- Tips for Establishing a Positive Tutorial Relationship
- Tutor Pre-semester Training
- Tutor Training Evaluations
- Tutoring On the Online Writing Lab
In addition, RDP funding has been obtained to provide supplemental classroom and TLC tutorial and study skills services to developmental math and English curriculum. These services will be implemented beginning in the fall 2011 term.

2. Study Skills Presentations and TLC Orientations

- Study skills presentations in classrooms and for special programs
- TLC orientations in classrooms and in TLC (services, facility tour)

Over the past year, UH Maui College faculty and staff requested 21 study skills presentations for automotive, culinary arts, dental assisting, dental hygiene, human services, Ku‘ina, nursing, science, and Kamehameha Schools Maui campus students. In addition, 31 study skills workshops were held in The Learning Center during the academic year, some of which were video streamed and placed on TLC’s website for easy student access.

**Study Skills Workshops**

- Eliminating Bad Reading Habits
- How to Navigate Laulima
- How to Read a Textbook
- How to Study
- Library and Information Strategies
- Listening and Note Taking
- Motivation
- Procrastination
- Preparing for the COMPASS Test
- Research Strategies for the Online World
- Resume Writing
- Successful Reading Strategies
- Taking an Essay Exam
- Taking Classroom Notes
- Test Anxiety
- Test Taking Skills
- The Research Paper
- Time Management
- Writing a Scholarship Essay

Furthermore, to provide students and instructors with information about TLC services, during the past year professional staff members have conducted 60 learning center orientations and tours for classes across the campus.
3. **Computer Labs: 40 computers**
   - Assistance from student assistants and professional staff
   - Word processing, e-mail, Internet searches, Laulima, MyUH Portal, online registration
   - CAI programs (*PLATO, SkillsBank, Word Attack, Spell It, Ultimate Speed Reader*, etc.)
   - Scanner, CD burner, zip drive
   - Special needs computer w/printer and scanner
     - *Jaws* (reads text on screen)
     - *Zoomtext* (enlarges text)
     - *Kurzweil 3000* (reads text from scanner)
     - *Dragon Naturally Speaking* (types from oral speech)
     - *Inspiration* (organizes text)

During the first three weeks of each semester, students require additional assistance with basic computer skills (word processing, e-mail, Internet searches) and accessing Laulima and MyUH Portal. For this reason, during this time TLC professional staff and peer tutors are available in both computer rooms to guide students through the sometimes arduous and frustrating process of learning how to manipulate a computer and utilize the required software to complete their coursework. For computer-based developmental studies in reading comprehension, writing, grammar and mechanics, vocabulary building, spelling, and basic and intermediate mathematics, software programs such as *PLATO, SkillsBank4, Word Attack, Ultimate Speed Reader, and Spell It* continue to be highly utilized in TLC. Additionally, with a wireless access point installed, staff members have observed an increased usage of laptops in TLC.

4. **Testing Services:**
   - COMPASS placement testing
     - *walk-in*
     - *ability to benefit*
     - *high school group testing*
     - *COMPASS study guide and text resources*
   - English permission test
   - UH Maui College tests/make-up exams
   - Community proctoring services
   - ACT Certified Testing Center

This past year, just over 2,600 COMPASS subtests were administered in each of the three areas—reading, writing, and math. Depending on the time of the semester, three to eight TLC computers are reserved for walk-in testing. UHCC system applicants can take the COMPASS tests whenever TLC is open, as long as a testing computer is available. In addition, TLC staff set up eight UH Maui College applicants to take COMPASS Internet in states across the nation.

COMPASS Internet was first launched in spring 2007. As TLC staff utilized COMPASS Internet and learned to troubleshoot problems encountered, the next step was to install COMPASS Internet in Maui County high schools and in UH Maui College Education Centers. Beginning in fall 2007, TLC staff members traveled to various sites to install COMPASS and train proctors. Presently, the following “remote sites” have COMPASS Internet:

- Baldwin High School
- King Kekaulike High School
- Lahainaluna High School
- Lanai High School
- Maui High School
- Kihei Charter School
- Hana Education Center
- Lahaina Education Center
- Lanai Education Center
- Molokai Education Center
- Molokai High School
- St. Anthony High School

When a high school remote site is ready to test, TLC staff is contacted and the test site is “activated.” Once testing is completed, the high school test site is “deactivated,” ensuring test security. Education center remote sites remain activated since testing occurs on a continuous basis.
A change in the systemwide COMPASS retest policy became effective on July 15, 2010 via a memorandum sent from Peter Quigley, Associate Vice President for Community Colleges Academic Affairs to MRC Greenwood, University of Hawaii President:

As a result of the continuing system-wide review and study of COMPASS cut-off scores and procedures, the UHCC Placement Advisory Working Group recommended…that the mandatory sixty day wait period be rescinded so as to not cause any undue delay in student progress through their course of studies. The proposed policy change will include that students/prospective students may request to retest with a proctoring fee of $25.

During the past year, the following COMPASS retest data was collected:

**UH Maui College COMPASS Retest Information**  
**July 2010 to September 2011**

Total fees deposited from COMPASS retesting = $9,140  
Total number of retest session = 372  
Total number of unduplicated students who retested = 303

**Retake Results:**

**Reading**  
Number of test sessions = 162  
Percentage who improved placement = 35% (56)  
Percentage who kept the same placement = 59% (96)  
Percentage who placed at a lower level = 6% (10)

**Writing**  
Number of test sessions = 205  
Percentage who improved placement = 53% (108)  
Percentage who kept the same placement = 35% (73)  
Percentage who placed at a lower level = 12% (24)

**Math**  
Number of test sessions = 210  
Percentage who improved placement = 32% (66)  
Percentage who kept the same placement = 65% (137)  
Percentage who placed at a lower level = 3% (7)

The Learning Center also administers “challenge tests” for the UH Maui College English Department. Challenge tests are for UH Maui College students who would like to have their COMPASS writing placement level reevaluated. During the past year, TLC staff members administered 175 challenge tests.
UH Maui College exams are proctored in The Learning Center for two reasons: the instructor is not available to administer the exam or students have missed an in-class exam and are given permission by their instructors to take the exam in The Learning Center. In the last academic year, TLC administered 1,422 UHMC exams.

The Learning Center works closely with Lisa Deneen, Disabilities Coordinator, to provide testing accommodations to students with disabilities. Services include reading tests aloud to students, extended testing time, and providing a quiet, distraction reduced testing environment. In the past year, 128 appointments were scheduled in TLC’s quiet testing room.

Another testing service is community proctoring for students who are enrolled at other universities and colleges and need to take their exams at a college testing facility. A system-wide proctoring fee of $25 per hour is charged. During the 2010-11 academic year, TLC staff administered 148 tests to community members. Furthermore, The Learning Center is now an ACT Certified Testing Center, servicing community members who require certification for specific vocations.

   - SMARTTHINKING: www.smarthinking.com
   - Distance learning testing

TLC’s Online Writing Lab is a service for UH Maui College and UH Center students. A total of 205 papers were submitted online during the past year. Individual feedback indicates that students appreciate tutor suggestions and value the convenience of the service.

UH Maui College began using SMARTTHINKING, an online tutoring service, during the 2008-09 academic year in conjunction with The Learning Center’s face-to-face tutorial program and Online Writing Lab. SMARTTHINKING provides academic assistance in writing, reading, statistics, mathematics, accounting, economics, computers and technology, introductory finance, general chemistry,
organic chemistry, physics, biology, introduction to human anatomy and physiology, and Spanish.

In academic year 2011, The Learning Center administered 1,773 distance learning exams.

Analysis of the Unit

A. Summary Statement and

C. Resource Implications (physical, human, financial)

**Strengths**

The Learning Center has had a very productive year, opening 7 days a week for 52 hours. Student and faculty demand for face-to-face, online, and classroom tutorial services have increased tremendously. RDP funding in the coming year will help meet the need for tutors, especially in the classroom. In addition, SMARTHINKING, an online tutorial service, has supplemented TLC’s tutorial services. Study skills presentations continue to be requested across the campus, and study skills tutorial appointments in The Learning Center have increased.

Funds from student technology fees were obtained to purchase 15 computers for TLC’s testing room, making testing less frustrating for students with faster and more computers designated for testing. The new COMPASS retest policy was implemented at all five UH Maui College sites, and with assistance from TLC staff, Maui high schools across the island continue to offer COMPASS testing on their campuses.

**Challenges**

For almost 4 ½ years, The Learning Center was run by one full-time professional staff member (APT) who had served as TLC Acting Director and UH Maui College Testing Coordinator. Fortunately, in April 2006 the new TLC remedial support position (APT) was filled, alleviating the abundant requests across the campus for study skills presentations and providing increased professional tutoring for our students. This position pushed TLC staff count back up to two full-time positions. In addition, The Learning Center employs three part-time casual hire APTs to coordinate computer services and the UH Maui College Online Writing Lab as well as to provide professional tutoring on Saturdays and Sundays. With this in mind, in 1980 the “Learning Lab” was an English Department tutoring facility with two full-time APTs. Services included professional and peer English tutoring, study skills workshops, and CTBS English placement testing. Today, TLC services include English, math, and content area tutoring; study skills workshops in classrooms, on other campuses, and in TLC; extensive computer lab services; UH Maui College testing and make-up testing services; English challenge testing; distance learning testing; community proctoring; the UH Maui College Online Writing Lab, and SMARTHINKING—and we still have only two full-time positions as we did in 1980. Moreover, tutorial appointments, study skills workshop requests, and testing services requests have increased over the past 7 years. With three casual hires working 39 hours a week, TLC staff lacks
stability, continuity, and commitment. For this reason, we strongly urge that TLC’s Director (faculty) position be restored to ensure The Learning Center’s success in providing students with cutting edge, high quality academic support services during this time of rapid growth and increasing need for developmental academic assistance. The position will provide leadership in long-range planning, services implementation, data collection, and reporting for The Learning Center. Furthermore, increasing the interaction between the Kahului campus learning center and the outreach sites support services would be feasible. Similarly, communicating with instructors and programs regarding TLC services and the needs of instructors/students at all sites would increase. Networking with other learning center directors in state and on the Mainland would also increase, and resource materials would be researched and developed. Most importantly for students, TLC would be able to expand its hours of operation. In February 2008, The Learning Center’s Comprehensive Program Review Team stated the following:

The review team commends the dedication of TLC staff in achieving high quality services in spite of limited staffing and resources, but also acknowledges that the health of this dynamic program is in jeopardy. After closely reviewing the program, we urge decision makers to provide sufficient support to sustain this program’s vital role in the educational aspirations of so many of our students.

Furthermore, with 68% of student assistant monies spent on student receptionists, who answer questions asked by students and faculty at the reception counter, pass out and proctor exams, place students on COMPASS and retrieve scores, answer the phone and take messages, and type and copy materials, peer tutor funds are also limited. Student evaluations clearly indicate that more tutors are needed, especially since one of our goals is to provide tutorial services in the content areas, which has been limited to staff on hand.

Computer services are an essential part of our students’ education, especially with the increase of technology in the classroom and the growth of distance learning classes. To assist students with basic computer skills and course software, the student receptionist, tutor (if one is on duty and available), or professional staff member on duty provides assistance to students in both computer rooms. Consequently, staff members are at times unavailable at the reception counter and phones ring unanswered.

TLC testing statistics show a tremendous demand for testing services on our campus. Staffing is always a problem, especially with the increase of distance learning testing since this involves receiving, processing, copying, administering, proctoring, collecting, recording, faxing or mailing, and filing the tests. On the positive side, TLC staff members have honed their multi-tasking skills, but we must ensure that testing
integrity is not breached while we attempt to service hundreds of students, especially with their use of sophisticated equipment such as cell phones and PDAs. As testing requests will only increase, UH Maui College needs a full-time testing position to coordinate all of the testing needs of the campus as well as the multitude of testing requests from other campuses in the UH the system. In addition, basic testing statistics have fallen to the wayside until such time it is needed for reports such as the program review. The testing coordinator would be able to produce current testing statistics that could be used for reports and future grants. If TLC’s Director position is restored, the Testing Coordinator will be able to focus on testing services.

Although TLC will continue to coordinate hours with the Ka Lama Computer Center and the UH Maui College Library, with additional professional staff and student assistants, TLC would also be able to expand its hours of operation to meet the growing needs and varying schedules of our students. With a dedicated staff, TLC will continue to serve our diverse student population in the most innovative way possible and anticipate the expanding needs of our students and faculty.

B. Action Plan

- Implement SARS GRID to improve data collection
- Train student assistants to assist students with limited computer skills
- Train experienced tutors to respond to essays submitted to the UH Maui College’s Online Writing Lab
- Network with instructors to promote SMARTHINKING
- Increase student assistant work hours during midterm and final exam period
- Train new COMPASS proctors at each remote site
- Hire and train new English and math tutors for the RDP Tutoring Project
- Create comprehensive tutor training activities for the RDP Tutoring Project
- Train tutors to assist students working on MyMathLab and MyWritingLab
- Continue to seek funding to support additional student assistants
and tutors

- Collect data each semester to evaluate The Learning Center’s effectiveness

- Continue to solicit TLC evaluations

How could TLC improve its services?

- By continuing what they're doing.
- After being out of school for 6 years, you guys have come a long way.
- Maybe have a private room to hold those classes that teach about how to use the computer and stuff.
- Coffee would be nice.
- More longer hours pleases I take tests better at night.
- More plugs, tables, smaller headphones.
- Make sure the printer doesn't back up.
- Be open longer on week nights. Like don't close at 4:00pm.
- Bigger tables, more plugs, a separate area/room where we can talk and study verbally.
- Hawaiian language tutors and computer programs.
- Because I work then take a late class it would be awesome for TLC to be open longer.
- Run a summer schedule
- Earlier op. hours on Tuesday and Thursday
- Sell food.
- Remain the same.
- Maybe the computers and more tables.
- I only just begun taking advantage of TLC. If I saw any obvious needs to address I would have no problems voicing them.
- More late hours and more room to study and more computers.
- Expand hours of operation.
- Students have to keep the noise down. They seem to don't care about others who are studying.
- TLC is pretty phenomenal already.
- More computers -- 5 cents per copy.
- I would like to see a good working computer in the quiet room.

What do you like about TLC?

- Everything
- Being able to use the computers and having staff available to help with computer difficulties that might occur.
- Tutoring
- All the staff is very helpful and knowledgeable.
- An area quiet enough to study in but loud enough for us to have a discussion in. Also good area to bring food so we can study and eat.
- The environment is just the perfect place to study.
A lot of space, nice environment to study, helpful staff.  
Better hours open compared to library.  
Quiet, I need more focus than some others. Cool and comfortable and convenient.  
A good service.  
Online Writing Lab  
Have tutoring available to help us.  
Convince/Plenty of work spaces/good computers/I could get on my math lab/very helpful staff. Thank you so much for being a part in my academic journey here at UH Maui College.  
Hours -- open Sat/Sun  
I can do anything here in peace like reading typing and all other academic related activities.  
That it's open til 6 on Sunday. That has helped me so much. Later would be great.  
Awesome  
I love the availability of resources (textbooks) and the help of its staff.  
The workshops.  
It's quiet.  
A positive environment  
How it's there for the option of making up tests.  
Location, computers, friendly staff  
Friendly people  
We can eat and study.  
The staff are great, have aloha and lots of knowledge to help us learn.  
The space on the tables and quiet areas  
I'm very thankful for TLC assistance that the workers give.  
Candy  
There's nothing I do not like  
Everything; love how it's quiet with updated programs  
Love the staff
PAST SUNDAY STUDENT COMMENTS

By opening on Sundays, how has TLC assisted you in completing your coursework?

- I don’t own a computer so it is beneficial to keep my grades up. Just about every class is now computer interactive please stay OPEN on Sundays.
- I don’t have the computer programs I need at home and I work during the week. So I can only do my homework on weekends.
- Can complete work for school. I have work on Friday’s and Saturday’s so Sunday is my study day.
- Yes, I have been able to do my work on time in a timely manner.
- Very well. Having enough time to complete my work.
- Allows me a quiet place to use the computer when my kids are home.
- Last minute and final research – quiet place to work with large table to accommodate books – research material – workbooks – study material & research documents all in one sitting.
- Helps a lot having large table areas for homework & projects, plus computers if you need to do comp work or go online. Good help for questions!
- I love that TLC is open on Sundays because there is a place to go and study on Sundays instead of at home where there is so many distractions!!!! Also as a nursing student, I need Sundays to study & finish clinical papers! =) Mahalo for opening on Sundays!!!!
- This is the only day I have an open schedule to come here.
- Big time. I have no place @ home to study thus this is the best ever.
- By using the computer and having a quiet place to work.
- Doing homework or studying for tests on weekend.
- Helps me get my homework done after church.
- If offers me an area to do my studies in a semi-quiet area.
- I could not do it if TLC was closed on Sundays!!
- Because I work until 4:30, being one of the few days TLC is open until 7pm. I can come in to watch classes that I need to see. ESP since I have most of my tests on Monday.
- Quiet places to study.
- Very helpful! Use projection systems for practicing personal group presentations!
- Yes, and thank you very much.
- I work throughout the week so Saturdays and Sundays are important for me to get my work done.
- I am able to meet with my classmates and review for our exams.
- Quiet place to study.
- I am able to complete any work not being interrupted. I feel like I can study harder here than home.
- Researching my work.
- I feel that I am very productive with my school work since I’ve been coming to the TLC tutors always available to be there to help me
- Big HELP!
- I have homework and project completed on time. It’s a great place to hold meetings
- No computer at home, helping me A LOT! MAHALO
- I have a place to study on the weekends sometimes studying at home doesn’t work out for me
- I am able to come and use the wireless internet and print
- I am off work on Sunday, after church, I can get my homework on your computers done
- It’s quiet so I can get homework done
- Giving me a perfect area to study and do my work where most places are closed
- Help if you need either on math/English and you can take test here on the weekend if your teacher lets you.
- It helps big time especially for parents
- I was able to complete some required assignments
- Get more homework done!
- Sunday schedule is very helpful. Please continue the TLC on Sunday
- I am able to get assistance regarding my homework. Able to complete my online work. Most important having someone there to guide and help me
- It’s a great alternate than trying to study at home which has too many distractions. Also close to bus routes so can take bus home when done studying.
- HUGELY I would not have done as much or as well as I want if not for the help I’ve received at the TLC
- It allows me to do homework where it’s quiet and not so crowded and loud
- It really assists me a lot, for my distance learning courses because it is less crowded and quiet on sundays and it fits my schedule better than some weekdays. THANK YOU
- Lot’s especially computer works
- If not for Sundays I would never be able to succeeded in college. I get hands on assistance or help from computers to various homework or studies
- I have been very impressed by the TLC staff- they have been extremely helpful
- It is very comforting to know help is always near. I don’t have a computer at home
- Definitely. Only day I have to study
- More time to study and complete all works
- This is the only day I can finish up my school work
- Tutors are available at anytime
- More study time! Yay! Great help in math
- Has helped me study, even if I don’t sign up 4 a tutor I can still ask them for help
- Yes, its given me a chance to use computers in a quieter environment
- Just started, great service – please stay open
- It’s good to have a place to go to when you really need to concentrate on your work 😊
- Has help me complete a lot, going to school & working. Sunday is my only day off and can’t get anything done being at home so I like to come to the TLC to do everything I need to get done. I really like having TLC open on Sundays.
Additional comments:

- Very helpful!
- I love having you open on Sunday. I think that Monday would be great to be open at 8:00 AM and stay open late on Thursdays. It is necessary to have odd hrs. For those of us who do not have a computer so that we may do our homework assignments. Much Mahalo.
- Please support TLC. Sunday opening is very useful to students.
- Keep up the good work.
- The whole staff is great!
- Very convenient and I appreciate it =).
- Very helpful!!
