FINANCIAL AID TIMEFRAME REVIEW 2015/2016

Students receiving federal financial aid are expected to complete their degree goal in a timely manner, within a set “maximum timeframe.” Because there is a limit to how much financial aid a student can receive in a lifetime, it is important to carefully plan out your educational objectives.

You are being asked to see an academic counselor because one of the following:
- You have attempted 60 or more credits at UHMC and should be close to graduating or completing pre-requisites to be admitted into one of UHMC programs that require admissions/acceptance.
- You have attempted an excessive number of credits or have already completed a degree at UHMC, and you are seeking another degree at the college.

Please make an appointment with an academic counselor to review your status so we can determine how many credits of financial aid eligibility you have remaining.

Name:____________________________ ID:_______________ Major___________ Ph:_____________

1. Your major must be updated to reflect the degree you are pursuing with the Admissions Office. We will not process this form until the correct major is reflected. (Except for programs that require admissions, ex: bachelor programs, Nursing and Dental)
   a. To view your major visit star.hawaii.edu and sign in with your UH username/password
   b. Your current major will be located in the top right corner

2. Make an appointment with an academic counselor at 984-3306.
