The UH Maui College Financial Aid program helps students who can benefit from higher education but who may have difficulty attending the College without financial help. It is an addition to the efforts of students and their parents or spouses.

Several types of financial aid, funded by the federal and state governments, are available to eligible UH Maui College students: grants, part-time employment (Federal Work Study), loans, tuition waivers, and scholarships.

All financial aid programs are subject to change due to legislative action or availability of funds.

Federal awards are made without regard to age, race, gender, or ethnic origin. Complete financial aid policies are available at the Financial Aid Office. For information, call 984-3277.

Eligibility

The majority of aid awarded by UH Maui College is federal and based on demonstrated financial need. Eligibility requirements are determined by federal rules and include the following requirements.

The applicant must:

• be a U.S. citizen or an eligible noncitizen (permanent resident),
• be enrolled in a degree granting program (classified student),
• be making satisfactory academic progress toward a degree at UH Maui College,
• not be in default on a loan or owe a refund on a federal grant,
• have demonstrated financial need,
• have obtained a high school diploma, GED, or have passed a federally approved test proving ability to benefit,
• be registered with Selective Service, if required.

UH Maui College students will have their prior academic history at the College reviewed to determine compliance with the Financial Aid satisfactory academic progress policy.

Transfer students may request that an academic counselor review their prior records to determine advanced placement. A review of the UH Maui College academic transcript and/or credits transferred from other institutions may impact the timeframe (semesters of eligibility) at the College.

Students who owe a repayment on financial aid funds, or are in default on an educational loan, will be unable to receive academic transcripts, register for classes in the subsequent semester, or receive further aid until the amount due is repaid in full or prescribed federal requirements have been met.

Students should be aware that the financial aid award is subject to adjustment due to legislative action, changes in eligibility, enrollment, availability of funds, or increases in students’ external resources. For information regarding eligibility requirements, call 984-3277.

Application Procedures

To apply for any form of need-based financial aid, including loans, students must submit a Free Application for Federal Student Aid (FAFSA) to the US Department of Education. A FAFSA must be filed for each academic year during which students wish to receive financial aid.

Students requiring assistance in completing FAFSA forms should call the Educational Opportunity Center (EOC) at 984-3286. Students may also submit their application on the web at: www.fafsa.ed.gov

The information contained in the FAFSA is used to determine students’ eligibility for all need-based aid. The US Department of Education will send students a “Student Aid Report” (SAR) which reflects the “Expected Family Contribution” (EFC). All schools listed on your FAFSA receive an electronic copy of your SAR and begin working your file. The EFC indicates students’ eligibility for financial aid.

The SAR should be reviewed carefully for errors, and corrections should be made quickly. Corrections can be made on-line by using your PIN number from the US Department of Education:

1. Log on to: www.fafsa.ed.gov
2. Select “Make correction to a processed FAFSA”

For a lost or misplaced PIN number, go to: www.pin.ed.gov

If requested, the Financial Aid office will process corrections electronically.

The Financial Aid office will review the SAR and may ask for additional documents. See Documentation Requirements on page 66. Once a file is complete, the Financial Aid Office can determine eligibility. Anyone not eligible for aid will receive a letter indicating the reason. For information, call 984-3277.

Application Deadline

Early submission of the FAFSA is highly recommended because many scholarship programs have a March 1 deadline. The priority deadline for filing a financial aid application at UH Maui College is April 1.

Enrollment Status and Academic Progress

The type of financial aid awarded is based on students’ financial needs, enrollment levels, living situations, and academic progress toward declared goals. In order to continue to be eligible for aid, students must meet the satisfactory academic progress requirements each semester. These requirements are described in the College Regulations section of the catalog under “Regulations and Standards for Financial Aid” on pages 83-84. Students must notify the Financial Aid Office immediately if they make any changes to their certified course load or if they withdraw officially or unofficially.

The Higher Education Amendments of 1998, Public Law 105-244, changed substantially the way financial aid funds are to be handled when students withdraw officially or unofficially from school. A statutory schedule will determine the amount of funds students have earned up to the time of withdrawal. Unearned funds must be returned to the grant or loan program from which they came. Recipients must make arrangements to return the funds.

It is strongly recommended that students who stop attending classes go through the official withdrawal process with the Admission & Records office. Failure to do so could result in loss of eligibility for further aid.

Documentation Requirements

In addition to proving admission to the College, students must document “ability to benefit.” Other requirements may include academic transcripts from other institutions and information about citizenship status; Social Security, child support, and DHS or TANF benefits. The College verifies all financial aid applicants chosen for verification by the Federal processor. (Students chosen for verification will be required to submit additional documentation.) Students must adhere to deadlines required for document submission. Students who experience difficulties in completing documentation or verification requirements should contact the Financial Aid office before the deadlines expire. Failure to provide the necessary documents can result in termination of all financial aid benefits for the year.

The Financial Aid “Package”

The financial aid “package” is based on students’ needs, enrollment levels, living situation, and the availability of aid. Financial need is determined by subtracting the Expected Family Contribution (EFC) from the cost of attendance, which includes tuition, fees, books, supplies, transportation, room, board and miscellaneous personal expenses. The financial aid package offered may be a combination of gift-aid (grants and scholarships) and self-help (loans or part-time employment).

In most instances, students’ gift aid will not cover the full amount of need. If eligible, they will be offered a loan to help meet educational costs. Students who take out any form of student loan must complete a loan entrance interview when accepting the loan, and a loan exit interview when leaving the College or when enrollment drops below halftime. Financial aid recipients must notify the Financial Aid office if they receive any outside aid, as these monies are considered part of students’ available resources and will affect the amount of aid students are eligible to receive.

Students always make the final decision to accept or decline any part of the financial aid award package offered.
