**Team G**  
**Report for 2004-05**

Action Strategy: Improve physical infrastructure by incorporating new facilities into revision of the Master Plan, including a new science building; additional nursing, dental, and health classrooms and labs; and additional faculty offices.

Team Members: Sean Calder, Sally Irwin, Bruce Butler, Patricia Duckworth, Terri Ulichney, Nancy Johnson, Rosemary Perreira, Maggie Bruck, John Pye

Team Leader: Sean Calder/Patricia Duckworth

Responsible Person: David Tamanaha

This team met two times this year. We have previously done our work in giving information and feedback for the new science and health facilities. We are awaiting the release of funds for the design portion of the project and until then, this team will be active when necessary.
