A degree in Liberal Arts from UH Maui College prepares students to deal with complexity, diversity, and change. Students develop oral and written communication skills, the ability to analyze and solve problems, demonstrate their knowledge and skills in real world settings, and cultivate a sense of social responsibility. It satisfies General Education requirements for many baccalaureate institutions, and the degree can be completed in 2 years*.

The AA degree in Liberal Arts curriculum instills foundational skills and a broad scope of knowledge that fosters academic success in upper division coursework, effective citizenship, and an appreciation for lifelong learning. An emphasis on global and Hawai‘i perspectives encourages respect and appreciation of cultural diversity.

The AA degree in Liberal Arts:

1. Addresses General Education requirements for accredited baccalaureate institutions.
2. Prepares students for transfer to varied degree programs at many baccalaureate institutions.
3. Provides students with the necessary skills to compete successfully in varied job markets.
4. Builds the foundation for an associate degree in career and technical education programs.
5. Equip individuals to face challenges and make positive contributions to society.

* Program length depends on student placement and credit load.
