CATEGORY III:

~~FOCUS/SPECIALIZATION/AREA OF INTEREST~~■ Area of Interest Requirement
(6 credits)

The goal of this requirement is to enable students who graduate with an AA degree to have not only the broad perspective of themselves in the world, but also some specific in-depth knowledge in an area of their choice.

Students are required to take *two* additional courses in one discipline/area in order to satisfy this requirement.

Electives (15-18 credits)

The ~~fifteen (15)~~ ²¹ to ~~eighteen (18)~~ ²⁴ Elective credits and the ~~six (6)~~ ¹² Area of Interest credits can be combined by students to achieve Academic Subject Certificates, Certificates of Completion and/or Certificates of Competence in areas of interest that are offered at UH Maui College. These certificates may help students in job searches and employment options.

Other Graduation Requirements:

A. Writing Intensive (6 credits)

Two (2) courses with "WI" designation.

B. Environmental Awareness Lab (EL)

(offered in relation to a natural science only)

One (1 credit) course or within a 4 credit course.

C. Hawai'i Emphasis (HI)

One (1) course.

D. Cumulative GPA of 2.0 for all AA courses

Students may use a course to fulfill graduation requirements in more than one category. (Courses used to satisfy Foundations I Requirements may not be used in other categories.)

UH Maui College recognizes that some students may have already attained some of the skills required in the AA. If a test has been established, it is possible to test out of the requirements in Written Communication. A student who successfully tests out of classes will need to take the appropriate number of credits as electives to complete the 60 credits required of the AA degree. Students wishing to test out of the Written Communication requirement must complete the testing process before registering in courses that have English 100 as a prerequisite.

E. Total Credits: 60 Credits
(all at 100 level or higher)

These maximums may be applied:

- 9 credits Cooperative Education and Work Practicum;
- 30 credits CR grade.*

Interdisciplinary Studies courses do apply.

**Note: Courses taken for CR will not count toward core major requirements at UH Mānoa or toward major requirements at UH Hilo. See UH Mānoa and UH Hilo catalogs for programs of study to meet their general education requirements.*

F. Graduation Requirement

To be awarded the AA degree, a student must complete an Application for Graduation form obtained from Student Services. See Academic Calendar on page 152 for deadline.

G. Residency Requirement

12 credits in the major must be earned at UH Maui College. The residency requirement may be waived for cause or credit-by-examination used with approval of the Vice Chancellor of Academic Affairs
