6. Reason for this curriculum action:
The Hospitality & Tourism (HOST) Program is accredited by the Accreditation Commission for Programs in Hospitality Administration (ACPHA) and requires that all HOST students take a food production course in conjunction with the CULN program. HOST students currently take either CULN 121 (Culinary Skillbuilding) or CULN 122 (Culinary Skill Development). These courses, however, are being combined to be a 5-credit course (CULN 123 - Culinary Basics) for the CULN program. Thus, CULN 123 replaces CULN 121/122 in the HOST curriculum. Mgt 118 (Introduction to Supervision) is being deleted because concepts of hospitality supervision and leadership are already introduced as a common thread in all HOST courses throughout the HOST program. The supervision and leadership concepts are further reinforced in the HOST 270 Hospitality Management course, which is required of all majors.

Hospitality & Tourism

The mission of the Hospitality & Tourism program is to provide to a diverse community of lifelong learners educational opportunities that focus on student engagement and skills essential for successful employment in leadership positions in the hospitality industry. Hospitality & Tourism is a career ladder program that moves progressively from the 14-credit Certificate of Completion to the 36-credit Certificate of Achievement, culminating with the 65-credit Associate in Applied Science degree. The CA and AAS track requires completion of an internship, which enables students to gain practical on-the-job training. The program is organized with a core of courses focusing on various aspects of the hotel industry, enveloped by a variety business and general education courses designed to broaden the students' background and enhance employability.

Students may earn certification provided by the American Hotel & Lodging Association (AH&LA) in selected Hospitality & Tourism courses. Specific HOST courses are articulated to the University of Hawai'i at Mānoa, as well as to other community colleges in the University of Hawai'i system. Majors are required to meet with the program coordinator or counselors early in their studies for academic advising. The following prerequisites are required of students entering the HOST program: a) CULN 112 with grade C or better; b) ENG 19 with grade C or better, or placement at ENG 22; and c) MATH 82 with grade C or better or placement in MATH 103. A grade C or better is required in HOST for the CC, CA, and AAS degree. A minimum 2.0 GPA is required.

Contact the program coordinator, Lorelle Peros, at 984-3343 or by email at lorelle@hawaii.edu for more information.
