

## Appendix D

### USA Funds Life Skills Follow-Up Survey

Each quarter, USA Funds invites students who have completed at least one USA Funds Life Skills lesson to complete a brief, online survey to self-report any personal finance or college success behavioral changes the students have made as a result of their exposure to USA Funds Life Skills material. Students may indicate which of 25 different personal finance and college success behaviors they have changed. This survey includes responses from students who completed at least one USA Funds Life Skills lesson between Jan. 1 and Dec. 31, 2011. The **Summary** tab provides aggregated information on your students' responses in comparison to responses from students at all institutions who completed USA Funds Life Skills lessons during the period. The **Detail** tab lists survey responses for each of your students who completed the follow-up survey.

**As a result of taking the USA Funds Life Skills lessons, in what ways have you changed your behavior related to managing your school life and student loans?**

#### Summary - USA Funds Life Skills Follow-Up Survey Results - June 2012

	University of Hawaii - Maui College	All Life Skills Schools
Number of responses to survey	119	1,522
Number of respondents indicating at least 1 behavior change	118	1,372
Total number of changes in behavior reported	1,461	13,886
Percent of respondents reporting changes in behavior	99.16%	90.14%
Average number of behaviors changed	12.38	10.12
Top reported behavior change	I established educational, financial and/or career goals.	I consider if an item is a need or want before purchasing it and spend less on wants.

**Some other behavior change reported by students: "I interact more often with my academic adviser and/or instructors; I researched and understand the requirements to complete my program of study; I borrowed only what I needed to pay for education related expenses."**
