

MAUI COMMUNITY COLLEGE

Office of Student Life

The purpose of the Student Life Department is to support the college's mission by providing co-curricular programs to foster student learning and enhance the overall educational experience of students. Student Life guides students in the planning, implementation, and participation of organized activities centered on meeting the needs of our diverse student population. Through its facilities, programs, and staff, Student Life strives to promote student leadership; to develop life skills; and to enhance personal growth, supporting the total development of the student.
